

## Norway-Czech WORKSHOP, November 2015

„Interdisciplinary Experience in Applied Physics and Applied Computer Science“

---

### WORKSHOP - Brno

---

Faculty of Mechanical Engineering  
Brno University of Technology  
Technická 2896/2

**Room A4/203**

**Thursday November 19, 10:00**

### The Workshop Schedule:

- 10:00-10:10 Opening (project information)  
10:10-10:30 Josef Bednář (vice-dean) *et al.*:  
Introduction to BUT, its faculties and departments.  
10:30-10:50 Kåre Olaussen *et al.*:  
Introduction to NTNU, its faculties and departments.  
10:50-11:30 Radomil Matoušek, Petr Vašík *et al.*:  
BUT team possibilities of cooperation  
11:30-11:59 Kåre Olaussen *et al.*:  
The mv2me project and internet of moving things.  
12:00 Lunch  
12:59- Information about the next activities at BUT and NTNU.  
Time to mingle, and informal discussions.

---

Project number : NF-CZ07-MOP-3-202-2015

Project name: Interdisciplinary Experience in Applied Physics and Applied Computer Science

Program: CZ07 - Scholarship Program and Bilateral Scholarship Program (Staff Mobility)  
Mobility projects - Norway Grants - Call 3

*The main idea of the mobility project is to provide platform for share extensive experience and knowledge of the involved parties in the development of simulation and mathematical models for effective solution of some physical problems.*
