

Norway-Czech WORKSHOP Series, October 2015

„Interdisciplinary Experience in Applied Physics and Applied Computer Science“

WORKSHOP - Norway

Where:

NTNU
Realfagbygget
Room E3-128

From:

Thursday October 29, 14:00

The Workshop Schedule:

14:00-14:10 Opening (project information)

14:10-14:30 Kåre Olaussen *et al.*:

Introduction to NTNU, its faculties and departments.

14:30-14:50 Radomil Matoušek, Josef Bednář (vice-dean) *et al.*:

Introduction to BUT, its faculties and departments.

14:50-15:30 Kåre Olaussen *et al.*:

The **mv2me** project and internet of moving things.

15:30-15:59 Radomil Matoušek, Josef Bednář (vice-dean) *et al.*:

BUT team possibilities of cooperation

15:59- Information about the next workshop at BUT.

Time to mingle, and informal discussions.

Project number : NF-CZ07-MOP-3-202-2015

Project name: Interdisciplinary Experience in Applied Physics and Applied Computer Science

Programme: CZ07 - Scholarship Programme and Bilateral Scholarship Programme (Staff Mobility)
Mobility projects - Norway Grants - Call 3

The main idea of the mobility project is to provide platform for share extensive experience and knowledge of the involved parties in the development of simulation and mathematical models for effective solution of some physical problems.
